IMPLANT DENTISTRY MASTERCLASS

## **China Britain Medical and Dental Academy**

### One of the world's top centres of excellence

CBMDA was founded with simple premises:

To provide advanced clinical and scientific knowledge to doctors and dentists from China and the UK. To make overseas exchange programmes in the UK accessible, efficient, effective for Chinese professionals. To provide a networking platform for medical and dental professionals from both China and the UK.

#### Renowned international reputation

Ever since its early founding date, China Britain Medical and Dental Academy has been providing doctors and dentists from both China and the UK with a rich and diverse learning environment. Our unparalleled teaching methods help to launch students into the successful future they have always dreamed of. China Britain Medical and Dental Academy with its head office located in central London and its students participating in different programmes across the UK is in its fast pace to become the leading provider of Continuing Professional Development (CPD) courses and MasterClass.

## Patient Care

The CBMDA the Academy was founded by a group of passionate medical and dental professionals, subject leaders from both UK and China, they are now devoting their energy and passion into passing on the most advanced scientific and clinical knowledge and skills, to ultimately benefit our patients all around the world. Learning sophisticated clinical care and research methodology lie at the heart of all our postgraduate programmes.

#### CHINA BRITAIN MEDICAL AND DENTAL ASSOCIATION

### IMPLANT DENTISTRY MASTERCLASS

# China Britain Medical and Dental Association

## Our Mission

本章潮目

China Britain Medical and Dental Association (CBMDA.org) is a non-for-profit organisation. The association provides a free networking platform for doctors and dentists from both China and the UK. We offer free content such as videos and articles of the latest medical and dental research and development. We give introduction courses of the latest devices, treatment techniques covering all medical and dental subjects.

CBMDA the association also offers membership only content and provides a wide range of services/benefits to its individual and corporate members.

#### Industry Activities

CBMDA the Association is actively supporting and bringing together the Chinese and UK's life sciences companies, corporate partners and investors. Our 1000-plus Member companies are located across the globe, benefiting from our networking, partnering, purchasing, training, advising and advocacy activities.

## Association Funding for CPD Courses

There are a number of sources of funding available for CBMDA students. These include a significant package of competitive CBMDA bursaries and scholarships in a range of subject areas. Please send your enquiries to **enquiries@cbmda.org**

## IMPLANT DENTISTRY MASTERCLASS

## **CBMDA Academy Facilities - Dental**

#### **Our Facilities**

World Class Centre for CPD Dental & Dental Continuing Education Courses.

Whether your time with us is as course participant or course lecturer, you will have the prestigious Harley Street, The Royal Society of Medicine, University College London Eastman Dental Institute and the Royal College of Surgeons of England training facilities to choose from. You will also find one of the available-for-hire central London training locations, King's College London LonDEC's £2.4m CPD dental facilities to be amongst the best in the world.

Close to Waterloo mainline station, LonDEC is part of King's College London Dental Institute and based in the Franklin-Wilkins building at King's College London Waterloo Campus. As well as providing an ideal clinical skills training facility for King's College London Dental Institute postgraduate students, LonDEC's state-of-the-art facilities are available for CBMDA delegates from China for CPD dental lectures and hands-on training.

As a dedicated Dental Continuing Education Courses facility, LonDEC's highly sophisticated equipment and congenial ambience offer a high-specification and comfortable environment to learn in.

## IMPLANT DENTISTRY MASTERCLASS

## OVERVIEW

STRUCTURE

ADMISSION

LEARNING

FEES

## **OVERVIEW**

MasterClass in Implant Dentistry is an innovative programme that will give you the skills and knowledge to provide high-quality service to your patients. Our programme advisors, clinical teachers are all experts in their field. You will have the opportunity to gain knowledge from each of them. We like to think our training courses make it fun to learn, whilst gaining the maximum amount of practical 'hands on' training with live models. Each course will include consideration of patient risk assessment of future disease and guidance on clinical prevention.

## Key Benefits

- Centre of excellence for teaching and research in dentistry.
- Sound academic theory and high quality practical training.
- Intensive face-to-face residential blocks to learn and practice contemporary clinical techniques at worldclass training facilities.
- Course material delivered by a team of highly experienced clinical tutors and academics, many of whom are world-leaders in their field.

## IMPLANT DENTISTRY MASTERCLASS

# **Certificate Awarding Ceremony**

## The Royal Society of Medicine

THE RO

# The ROYAL SOCIETY of MEDICINE

The Society was established in 1805 as Medical and Chirurgical Society of London, meeting in two rooms in barristers' chambers at Gray's Inn and then moving to Lincoln's Inn Fields where it stayed for 25 years. In 1834 the Society moved to Berners Street and was granted a Royal Charter by King William IV.

In 1889 under the leadership of Sir John MacAlister, a Building Committee chaired by Timothy Holmes supervised the move of the quarters of the Society from Berners Street to 20 Hanover Square. In 1905 an eleven-member committee headed by Sir Richard Douglas Powell organised the celebration of the Society's centenary. Two years later the Royal Medical and Chirurgical Society of London came together with seventeen specialist medical societies and, with a supplementary Royal Charter granted by Edward VII, became the Royal Society of Medicine. In 1910 the Society acquired the site on the corner of Wimpole Street and Henrietta Place, which was opened by King George V and Queen Mary in May 1912.

The Royal Society of Medicine (RSM) is one of the major providers of accredited postgraduate medical education in the United Kingdom. Each year, the RSM organises over 400 academic and public events. spanning 56 areas of special interest providing a multi-disciplinary forum for discussion and debate. The RSM is home to one of the largest medical libraries in Europe, with an extensive collection of books, journals, electronic journals and online medical databases. As well as providing medical education, the Society aims to promote an exchange of information and ideas on the science, practice and organisation of medicine, both within the health professions and with responsible and informed public opinion.
